A Message from the President

Jennifer Conway
President & CEO, Broken Arrow Chamber and EDC

Members,

2022 was another year of exponential growth for the Broken Arrow Chamber. At times it was challenging just to keep up with the opportunities and demands of growth for our organization. We had record breaking event attendance for luncheons. We increased total membership investment revenue

20% over 2021, and welcomed 178 new members, growing us to a total of 811 members! These numbers tell the story that we are providing the resources and connections for the businesses of Broken Arrow. At the close of 2022, I am thankful for the leadership and support of the board of directors and the strength of the team we have built to prepare us for this next chapter. We have accomplished the key initiatives outlined in our 3-year strategic plan launched in 2020.

Leading into 2023, the Chamber Board of Directors will craft the vision for the next 3 years and beyond for the organization. I hope that as a member you will participate in this process in the first quarter. In surveying our members, the top issues you are facing coming into 2023, are first, the economy, second, attracting and retaining employees and thirdly, how to market your business to continue to grow. We will ensure to provide the programming and information to help our members address and overcome these challenges and turn them into opportunities.

The board and the staff are grateful for the opportunity to continue to serve the Broken Arrow businesses and nonprofit organizations that ultimately build our city. Thank you for giving us that opportunity.

2022 BOARD CHAIR

It was such an honor to be able to serve the business community and the chamber as chair of the board for 2022. It was an outstanding year for the chamber on every level. One of my favorite things was the opportunity to say THANK YOU to our members at our "sold-out" Membership Appreciation Luncheon in August. We had a blast celebrating the strength of the relationships with and among our members.

Aaron Morris

2023 BOARD CHAIR

I am honored to accept the baton as chairman for the Chamber Board in 2023. I look forward to serving our Broken Arrow businesses, supporting our Chamber staff, and building upon the momentum created by so many opportunities across our great city. There's no denying these opportunities are challenging, and even puzzling, but together, we can find solutions - the best solutions for Broken Arrow.

Michael Gordon
Public Service Company of Oklahoma

Chamber of Commerce

In 2022, the Broken Arrow Chamber Staff accepted multiple awards at the yearly OCCE conference. Scott Tomlinson received an award for ribbon cutting videos, Lindsay Cunningham received an award for the Chamber's TRC Campaign guide, Lori Lewis received the Outstanding Chamber Staff of the Year, and Jennifer Conway received the Shelia Lee Executive of the Year award.

In addition, Tiffany Shepard, Scott Tomlinson, and Lindsay Cunningham completed their Chamber Management Institute Class.

BA Day at the Capitol allowed the Chamber to advocate, in person, for our local businesses. Each year, this trip allows our members an opportunity to meet with their state representatives and discuss issues their business may be facing. This provides our elected officials to have a pulse on what is truly affecting our business community.

In 2022, Leadership Collective changed things up to provide a wide variety of topics in regards to leadership. This year, we featured four TED-style speakers plus a keynote during lunch. This allowed different perspectives on leadership and how we could bring out our inner leader.

Speakers included:
 Kristi Spaethe, *The People Perspective*
 Eric Kham, *ActionCOACH Tulsa*
 Keynote by Dale Wilsher
 Abbie Peraza, *The Persimmon Group*
 Kyle Sullivan, *Unleash the Champ*

Economic Development

The Broken Arrow Economic Development Corporation strives to create wealth, jobs, and economic growth through the creation, attraction, and retention of business and talent in the community while facilitating innovation and creativity. BAEDC is a partnership of, and governed by, the business community, the municipality and education partners.

The BAEDC facilitated its second annual, award-winning Broken Arrow Blitz, expressing their collective appreciation for business investment both large and small. The BA Business Blitz,

which took place in October, was a holistic effort where the BAEDC, Chamber of Commerce, City of BA staff, volunteers, and officials visited 212 companies to thank them for their dedication, effort, investment, and contribution to the Broken Arrow area economy. The BAEDC was recognized with a Silver Award for last year's BA Blitz efforts at the International Economic Development Council annual conference.

The BAEDC continued their career awareness efforts for manufacturing but new for 2022 was expanding efforts to bring awareness to careers in the healthcare industry to students at Broken Arrow and Union Public Schools. During Healthcare Career Day on April 20, 2022 and Manufacturing Career Day on October 27, 2022, over 200 volunteers from local businesses were

able to connect with nearly 5,300 students at Broken Arrow and Union Freshman Academies, Broken Arrow Options Academy, and Union Alternative School. The day-long events are designed to break common misconceptions about careers in manufacturing and healthcare and spark an interest in students so we can continue the pipeline of talent in Broken Arrow.

Advocacy

Over 1,115

hours of advocacy for our members and the business community.

Businesses are busy working on growing their companies. They often do not have the time to stay abreast of the rapidly changing legislative environment or really understand the impact it may have on them daily.

The Broken Arrow Chamber strives to be the leading voice to and for Broken Arrow businesses on legislative issues and advocate to ensure a pro-growth business environment. In 2022, we created a legislative agenda that represented the top issues we believed would impact our business climate going into the 2023 Legislative session.

Issues for the 2022 agenda were identified by the Broken Arrow Business Advocacy Council through membership feedback, city leadership, educational partners, and our strategic partners including the U.S. Chamber of Commerce, Tulsa Regional OneVoice Agenda as well as the Oklahoma State Chamber of Commerce.

Our Business Advocacy Council is tasked with assisting in the development of our legislative agenda that represents our member business community. If you are interested in joining the council, please email Josh Driskell at josh.driskell@bachamber.com.

**Advocacy is not a direct lobbying expense.*
